The situation of the Federation of Uganda Football Associations

Dear General Secretary,

We refer to your letter dated 15 June 2016 with regard to the incorporation of the Federation of Uganda Football Associations (FUFA), the content of which received our full attention.

We take note that the government authorities of Uganda appear to continue to insist on the incorporation of FUFA under the "Trustees Incorporation Act". In this context, we reiterate our position – which was communicated to you through our letters dated 30 September 2013 and 26 May 2016 – that the incorporation of FUFA under the Trustees Incorporation Act seems to be in contravention of the FIFA Statutes, namely article 14 par. 1 i) and article 19 par. 1.

Furthermore, we deplore that the relevant authorities are not responsive to our suggestion to have a dedicated meeting in order to discuss the issues at stake in view of finding a mutually satisfactory way forward. Nevertheless, we remain ready to dispatch a delegation to Uganda should such a meeting finally be convened.

However, we would like to underline that any forced incorporation of FUFA under the Trustees Incorporation Act would be considered as interference in contravention to the above-mentioned provisions of the FIFA Statutes and would consequently be brought to the attention of the relevant FIFA bodies to take appropriate measures against FUFA, including sanctions.

Finally, we kindly draw your attention to the fact that this information is only of a general nature and, therefore, without prejudice to any decision that any other competent body of FIFA may be called to pass in this or similar matters in the future.

We thank you for taking note of the above and keeping us informed about further developments in this regard.

Yours sincerely,
FIFA

Marco Villiger
Deputy Secretary General (Administration)
